Inspire Policy Making with Territorial Evidence

Addressing key challenges for integrated territorial development: **view from POLAND**

Magdalena Belof

1. To reduce 'sectorism'

Long term National Development Strategy

Mid-term National Development Strategy

9 interrelated sectoral strategies

National Spatial Development Concept (2011)

2. To intergate spatial planning with socio-economic planning

Regional level

Integrated Strategy of
Regional Development

Local level

Integrated Strategy of
Local Development

3. To challenge ,container planning'

**Joint Future Connection Concept
for the on Borderland of Poland
and Germany – Vision of 2030**
